WATER SEWER

WATERTOWN FIRE DISTRICT
Schedule of Sewer Fees

Fees defined in this Schedule of Sewer Fees are for all residential, commercial, and industrial customers.

Sewer Fee 1: Fees for wastewater system services are calculated by multiplying the Sewer Rate defined herein by the **monthly average of metered or estimated gallons** of *Winter Quarter Public Water* usage. The ***Winter Quarter*** is defined as the quarter of the year most in winter months (December, January, and February). ***Public Water*** is defined as water supplied by the Watertown Fire District or the Town of Watertown Water and Sewer Authority.

Sewer fees are billed the same in each month beginning with the first billing of the new fiscal year following the *Winter Quarter* and are due and payable at the time water usage fees are due and payable. Delinquent sewer fees are subject to collection proceedings, rate of interest, and penalties as are in effect for delinquent water fees.

The minimum monthly sewer fee for customers having *Public Water* and connected to the wastewater system is determined by multiplying 1,700 gallons of water by the *Sewer Rate* defined herein.

New wastewater system customers using existing connections to the wastewater system and who have not been customers for all of a *Winter Quarter* shall have their *Winter Quarter* water usage based on 3,400 gallons per month initially then adjusted after three months of actual usage.

New wastewater system customers with new wastewater connections that have not been customers for all of a *Winter Quarter* shall have their *Winter Quarter* water usage based on 3,400 gallons per month initially then adjusted after three months of actual usage.

No action is required of the Fire District Commission to approve or affirm sewer fee calculations described herein.

Sewer Fee 5: Monthly fees for **residential wastewater system customers not having *Public Water*** are determined by multiplying 3,400 gallons of water by the *Sewer Rate* described in Sewer Fee 1.

Sewer Fee 7: Fee for wastewater system customers **having a wastewater Agreement** executed by the Fire District Commission is as defined in the Agreement.

Schedule of Sewer Fees Approved by the Fire District Commission on April 12, 2021. Effective with the first billing of Fiscal Year 2022.
